Lititz Public Library

Spring 2018

YOUR Community Library!

“A library outranks any other one thing a community can do to benefit its people. It is a never failing spring in the desert.”

—Andrew Carnegie

The Lititz Public Library takes advantage of many options for serving the leisure and information needs of the community we serve. EBooks and streaming audio books, once considered the new wave in public libraries, have become standard offerings in our collection. Meanwhile, our patrons eagerly borrow a variety of printed books, audiobooks on CD and films on DVD much the same way they did before the digital onslaught. We are true to the strategic vision of a vibrant hub for learning and recreation,

offering not only a wide variety of books, educational resources and talented staff, but lots of entertaining and enriching programs as well. It’s not unusual to see parents waiting in line for over an hour to sign up for preschool story time sessions or standing-room-only crowds in attendance at concerts and lectures.

What’s on the horizon? Ask the people who visit the library and they say, “More of everything!” A challenge for sure, but rewarding confirmation of our library’s impact on the quality of life in our community. With your support, we look forward to growing and expanding our services to meet the future.

- Susan Tennant, Director
